Peaks Grants at Work in Our Communities

Spotlight:

Quaker Memorial Church Garden Earth Care Mini-Grant

Submitted by Bob Lockridge

We had been composting for use in our church garden for a number of years. When we became an Earth Care Congregation we decided to involve more people in the congregation in the process of composting for the garden.

We did the following:

- 1. Visited Lynchburg Grows to see how they processed their compost from the community
- 2. Visited <https://www.epa.gov/recycle/composting-home>
- 3. Sponsored a Tomato Sandwich Lunch after church and educated the congregation about composting. Passed out fifteen 5 gallons buckets for church members who were interested
- 4. Contacted Lynchburg Daily Bread, asking them to provide us with two 5 gallon buckets twice weekly with green organic waste
- 5. We applied for a grant from PoP Earth Care workgroup to pay for two 50 gallon compost tumblers. Using the tumblers for ½ year we created 85 gallon of compost.
